<p style="text-align: center;">HIGH</p> 	<ul style="list-style-type: none"> • Could seriously affect several areas within the university. Exposes the university to unacceptable risks or liability if not corrected OR • Involves difficult issues requiring the attention of executive management OR • Involves compliance with Federal, State, or other laws and could result in serious consequences if not implemented OR • Unacceptable weakness in the internal and/or accounting controls OR • Substantial savings (perhaps millions) can potentially be realized by correcting.
<p style="text-align: center;">MODERATE</p> 	<ul style="list-style-type: none"> • Could seriously affect a department or area within the university OR • Involves a difficult issue requiring the attention of upper management OR • Involves compliance with Federal, State, or other law and could result in minor consequences if not implemented OR • Weakness in the internal and/or accounting controls OR • Savings (perhaps thousands) can potentially be realized by correcting.
<p style="text-align: center;">LOW</p> 	<ul style="list-style-type: none"> • Can affect a department or may be common to several areas OR • Could result in improved internal and accounting control OR • Can be corrected relatively easily OR • Could result in improved efficiency or effectiveness of operations OR • No reportable observations or corrective action taken prior to report issuance.

The internal auditors have utilized the colors for the CEA in evaluating each overall audit report

University of Iowa

Carver College of Medicine Departmental Administrator Onboarding Processes

Issued April 24, 2024

Status: Open

Administrative oversight for each Carver College of Medicine department resides with a departmental administrator. The departmental administrators have broad areas of responsibilities, including those related to financial and human resource management, research administration, and information technology. The primary audit recommendation includes developing and implementing a comprehensive onboarding and initial training program for departmental administrators. Management expects to complete its action plan by July 2024.

University of Iowa

Digestive Health Center

Issued April 24, 2024

Status: Open

The James A. Clifton Digestive Health Center provides multidisciplinary patient services that support gastrointestinal health through acute and chronic disease diagnosis, treatment, and outpatient procedures. Primary audit recommendations include standardizing procedure suite processes in the patient preparation holding area, creating and/or updating internal policies and procedures, and reconciling past due Transaction Detail Reports. Management expects to complete its action plans by June 2024.

**University of Iowa
Graduate Medical Education***Issued April 24, 2024*

Status: Open

Graduate Medical Education provides administrative oversight and arrangement of educational activities for approximately 600 residents and 300 fellows. The purpose of the audit was to determine if proper controls are in place and evaluate whether opportunities for improvement exist. Audit recommendations include regularly reviewing policy and procedures and updating any outdated or conflicting policies, performing regular reviews of MedHub user accounts and deactivating accounts that no longer require access, and ensuring staff compliance with required cash handling training. Management expects to complete action plans by September 2024.

**University of Iowa
Patient Discharge Lounge***Issued April 24, 2024*

Status: Open

The Patient Discharge Lounge was created to facilitate early patient discharges and timely throughput for the University of Iowa Hospitals & Clinics. It serves as an area for discharged patients to comfortably wait for their transportation home. Audit recommendations include replacing current manually created reports, establishing best practice for consistent processes on inpatient units, and ensuring appropriate system access for lounge staff. Management expects to complete its action plans by July 2024.

**Iowa State University
Department of Chemistry***Issued April 24, 2024*

Status: Open

The Department of Chemistry audit was conducted to evaluate key administrative processes and provide reasonable assurance that internal controls are in place and operating as intended. During fiscal year 2023 the Department of Chemistry had 56 active sponsored programs that generated \$5.8 million in revenue. During this same period, the Department of Chemistry received \$8.9 million in non-grant revenue and awarded \$1.9 million in scholarships to Department of Chemistry students. Primary recommendations include increasing central information technology oversight of locally managed servers, ensuring that servers are regularly updated, improving software access controls, making master key assignment changes more timely, maintaining sponsor approval documentation related to federal award expenses more consistently, and improving timely completion of laboratory safety trainings. Management expects to complete its action plans by December 2024.

**Iowa State University
Maxient***Issued April 24, 2024*

Status: Closed

The Maxient audit was conducted to evaluate whether system maintenance processes and controls are in place and operating as intended. Maxient is a third-party cloud-based case management application that Iowa State University began using in 2019. ISU has one instance of Maxient that is used by five different campus departments. The audit recommendation includes regularly reviewing the Maxient vendor security environment. Management completed its action plan in March 2024. This audit is closed.

**University of Northern Iowa
Office of Compliance and Equity Management**

Issued April 24, 2024

Status: Open

The University of Northern Iowa (UNI) Office of Compliance and Equity Management (OCEM) is responsible for verifying university compliance with various federal and state laws and regulations such as those related to Title IX, Affirmative Action, the Americans with Disabilities Act, equal opportunity and non-discrimination. OCEM is also responsible for maintaining various university policies and is operated by a director, assistant director and two other staff. Primary audit recommendations include updating policies and procedures, enhancing information technology practices, improving financial management practices, streamlining hiring processes, mitigating key personnel risk, enhancing the culture and working relationships, and assessing the governance structure of the office. Management expects to complete its action plans by January 2025.
