APPROVAL OF UNIVERSITY PARKING RATES & VIOLATIONS / SANCTIONS

Action Requested: Approve parking rates and parking violations/sanctions changes.

Executive Summary: At its February 2024 meeting, the Board was asked to consider changes to university parking rates and violations / sanctions for the upcoming year. Approval is now requested for all changes highlighted gray on the following pages.

No changes have been made to the proposals since the February Board meeting.

Background:

Iowa Code Chapter 262:

- ▶ Allows the Board to make such rules as necessary to provide for traffic control and parking. Those rules are detailed in Iowa Administrative Code §681.4 and provide information on the purpose of the rules, definitions, general traffic, registration, parking facilities, parking privileges; violations; administration of rules, and effect of rules; and
- ▶ Requires notification to students 30 days prior to action by the Board to increase charges or fees at the universities. Written notification of the amount of the proposed parking rate increases was sent to the student government president at each of the universities.
- ▶ Each university has a parking system that is self-supporting. The parking systems do not receive any state appropriated funds. User fees and fines support capital improvements and operations including: maintenance, repair, snow removal, resurfacing, construction, meters, signage, salt/sand, equipment and supplies.
- ▶ Each university has a: (1) manual that contains rules/regulations for parking on campus; and (2) committee that oversees parking operations and changes to regulations and fees and fines.
- ▶ Net revenues of the parking systems derived primarily from parking fees and fines must, at a minimum, meet requirements of the bond covenants for outstanding parking bonds. Bond covenants require the Board and the institutions to keep facilities in good repair, working order and operating condition.
