### PROPOSED RESIDENCE SYSTEM RATES FOR 2024-2025 ACADEMIC YEAR

<u>Actions Requested</u>: Consider approval of the universities' academic year 2024-2025 proposed rates for all residence halls, apartments and board options as detailed in Attachments A, B and C.

**Executive Summary:** Residence systems, which include housing and dining services, are operated by each of the Regent universities. The residence systems are self-supporting operations and do not receive state-appropriated funds for operations or capital improvements. The bond covenants for each system restrict the use of funds for purposes solely within each respective residence system.

The docket for the Board's February 2024 meeting included the comprehensive governance report of the university residence systems that contained five-year plans, preliminary FY 2025 budgets, and the first reading of the proposed room and board rates for the 2024-2025 academic year.

Complete listings of the proposed rates for residence halls, apartments, and board options are included in attachments A, B and C and remain unchanged from those included in the February docket. Rate proposals for the summer of 2024 are also included in the attachments.

### Proposed Rates for Academic Year 2024-2025

Each residence system operates in a unique competitive environment with individual capital and operational needs and debt service requirements; these contribute to rate variations across the systems. The proposed rates are calculated to meet these needs for each system.

The universities provide many different room and board options to students with varying rates based upon the style of accommodation (standard room, suite, apartment, etc.) and amenities (air-conditioning, private bathrooms, kitchen, etc.). Detailed FY 2025 room and board rate proposals for each university are contained in the attachments. While each university offers multiple room and board options at varying rates, the proposed rate change from the current year for each university's most popular double residence hall room and meal plan are as follows:
