HIGHLIGHTED PROJECT PRESENTATION
IOWA STATE UNIVERSITY

Action Requested: Receive the report.

Executive Summary: Dr. Robert C. Brown, Director of the ISU Office of Biorenewables Programs will highlight the considerable activity relating to a proposal submission to BP for research and development in biofuels. He will also discuss the work on a proposal submission to the Department of Energy in response to an RFP. Both of these activities are very important to ISU and involve the University of California at San Diego as a partner.
