7. Letter from Incoming Chair Dan Kinney to Membership

Chair Kinney is working with Diana Gonzalez on a letter to be sent to the general membership in early September. The letter is a general introduction from the new chair and lists activities/meetings for the coming year.

8. Membership for 2013-2014

Gonzalez asked the Executive Committee members for their assistance in updating the membership information. A specific request was to address the need for having alternates listed and making sure that everyone is aware of the role of the alternate. Currently, there are areas within the ICCPHSE where an alternate is not listed. It is also important that if a member is not able to attend a meeting, that the member needs to contact the alternate about attending. Members and stated alternates are the only ones able to vote on ICCPHSE business.

9. Importance of Notifying us of Changes to the ICCPHSE Listserv

Gonzalez indicated that all personnel changes to the listserv need to be given to Ilene Tuttle. An email will be sent out to the listserv to remind recipients to inform the Board of Regents office of any listserv changes.

10. Fall 2013 Enrollment Report

Gonzalez reported on the plans for the upcoming fall 2013 enrollment report. She is currently working with staff at the University of Iowa. (The University of Iowa assists with the data collection and preparation of the report.) While reporting enrollment information for the report is voluntary, Gonzalez will remind all postsecondary institutions in the state that the report is used by a variety of entities which include state agencies and the state legislature. It is important that everyone looking at enrollment data have complete information.

11. For the Good of the Order

Chair Kinney asked if there were any additional topics or issues which needed to be addressed before the Executive Committee adjourned. None were presented.

The meeting was adjourned at 2:35 p.m.

Clarification received via email dated July 17, 2013 –

Briar Cliff is not offering a program in Sioux Falls, South Dakota. Per the form to the listserv, the university is offering a program in Sioux City in which students transfer some courses from South Dakota State University. Those SDSU courses are completed at that institution's site in Sioux Falls but transferred to Briar Cliff for credit. This is an important correction to note because Briar Cliff is not authorized to offer degree programs in South Dakota.

Walden University

Walden University applied for registration to offer distance education programs to Iowa residents. The Commission required the University to register because it offers a distance education program(s) that requires a field experience that an Iowan will participate in at an Iowa location; the University employs multiple instructors in its online programs who work remotely for the University from an Iowa location; and the University periodically recruits students for its online programs at Iowa locations.

Western Governors University

Western Governors University sought registration to offer distance education programs in Iowa. The Commission required WGU to register because it has a presence in Iowa: the University offers

distance education programs that include a practicum that will take place at a physical location in Iowa and it employs Iowa-based adjunct faculty who work remotely for the University from an Iowa location(s).

Note Regarding Teacher and School Administrator Preparation Programs: WGU is authorized under its registration to offer distance education programs that prepare students for licensed employment as a teacher or school administrator. However, **these programs do not qualify a graduate for initial licensure in Iowa.** Students seeking licensure in Iowa must first be licensed as an educator in the state of Utah. Students seeking subsequent licensure in Iowa should contact the Iowa Board of Educational Examiners at 515.281.5849 or through their [website](#) for licensure requirements.

Location in Iowa: None.
